

FIFTH GRADE VOCABULARY

Fourth Grade Vocabulary		Fifth Grade Vocabulary		Sixth Grade Vocabulary		
algebra	kilometer	Associative Property	numerator	acute angle	infinite	simplify
analog	line graph	average	parallelogram	acute triangle	intersecting lines	solution
angle	meter stick	billion	perpendicular lines	Associative Property of Addition	isosceles triangle	squared
area	metric	capacity	point	Associative Property of Multiplication	least common denominator(LCD)	statistics
degree Celsius	millions	Commutative Property	polygon	base (triangle)	least common multiple (LCM)	stem-and-leaf plot
change (money)	minus sign	compatible numbers	prime number	center (circle)	line plot	straight angle
chart	multiple	composite numbers	prism	circle	line segment	terminating decimal
circle graph	number	customary system	quadrilateral	circumference	metric system	thousandth
column	sentence	decagon	range	common denominator	midpoint	ton
combination	operation	decimeter	ray	common multiple	mixed number	unknown
compare	parallel	denominator	regular polygon	Commutative Prop. of Addition	obtuse angle	variable
computer	parallel lines	Distributive Property	rhombus	Commutative Prop. of Multiplication	obtuse triangle	Venn Diagram
congruent	per	endpoint	similar figures	congruent angles	order of operations	vertex
figures	perimeter	equivalent	slide	consecutive	ordered pairs	volume
decimal point	period	equivalent decimals	square pyramid	coordinate plane	origin	x-axis
diagram	picture graph	equivalent fractions	square unit	cube	parallel lines	y-axis
digital	plane figure	flip	tenth	degree	percent	
divide	product	gram	3-dimensional figure	diagonal	perpendicular lines	
dividend	quotient	horizontal	2-dimensional figure	diameter	pi (symbol)	
division	remainder	hundredth	time line	divisibility	powers of ten	
divisor	right angle	irregular polygon	trapezoid	equilateral triangle	prime number	
double	row	kilogram	triangular prism	evaluate	protractor	
equal sign	scale	kite	triangular pyramid	expanded notation	radius	
equation	sequence	mass	value	gram	regroup	
estimation	solve	mean	vertical	improper fraction	rename	
expanded form	symbol	median	whole number		right triangle	
factor	symmetry	metric system			second	
Fahrenheit	total	milligram			scalene triangle	
geometric	triple	milliliter			similar figures	
geometry	twice	millimeter			simplest form	
height	unit	mode				
intersecting lines	yardstick
